VOLUME 1, NUMBER 1

Presidents Message

Goodbye 2008

Few of us will miss it. 2009 does bring promise, however. I'm referring to our small world of Lincoln/San Rafael Hill, not the larger world of our sour economy or the presidential election.

We are all tired of freeway construction and noise. It has not always been better on this side of the wall, either. Interminable construction projects, traffic congestion and vegetation control ordinances have added their spice to our lives. Our neighborhood is changing. One day, the lot at Mission and Lincoln will be developed and the Mews project at 1515 Lincoln Ave. will be completed. Other projects are in the planning stages, most noticeably the Colonial Motel site. SMART will be coming to disrupt us again just as we are getting comfortable with the new freeway. The City will be dealing with issues that will affect us all, like the Critical Facilities report, Marin Clean Energy and the proposed Climate Control Plan. Poorly conceived projects will continue to threaten our neighborhood.

Your Association board members are trying to deal with a lot of items and fairly represent our neighborhood to the city. If you ever wanted to have a voice in determining the future of where you live, this is the time. It's a personal decision affected by many factors, but your commitment can be as much as you want it to be. If you have just one major concern, the Association can provide you that platform and support. If your concerns are more general, there is a place for you as well. We meet monthly, the 2nd Wednesdays of the month. We have fun. Come join us!

Your neighborhood association is only as strong as its support. A suggested annual donation of \$10.00 per household or \$25.00 per business helps defray the cost of publishing this newsletter. You'll also be supporting events which we sponsor throughout the year. Please consider volunteering your time as an Area Rep or assisting with our various projects.

ONE PERSON can make a difference and that person could be YOU.
